## VERSE 1

Go back in fool, what's the matter with you  
You aint going no where, and you know it  
There's no answers in this yard  
No wisdom in the dark  
Quit talking to the stars  
Before you blow it

## CHORUS

Go back inside, and just hold her for a while  
She's one of a kind, she's worth the fight  
And you can't stay out here all night

## VERSE 2

So go back in fool, you're getting cold  
She's got her heart pressed up against the other side of the door  
This is no time, to make a stand  
Come on boy, it's time to be a man

## CHORUS

## BRIDGE

Go back inside, just hold her for a while  
She one's of a kind, she's worth the fight  
Go back inside, just hold her for a while  
She's one of kind, forget your pride

## CHORUS

## TAG

Go back in fool, what's the matter with you  
You ain't going nowhere and you know it
